

Supplementary Material 1. Medical Research Council (MRC) sum score

MRC grades	Description	
0	No visible contraction	
1	Visible contraction without movement of the limb	
2	Movement of the limb but not against gravity	
3	Movement against gravity over (almost) the full range	
4	Movement against gravity and resistance	
5	Normal	

MRC grading		
	Left side of the body	Right side of the body
Movement		
Shoulder abduction		
Elbow flexion		
Wrist extension		
First finger abduction		
Hip flexion		
Knee extension		
Foot dorsiflexion		
Great toe dorsiflexion		
Sum of each body side		
Total (80)
